Thanks for calling.

We want you to understand some of the basic requirements of the position so I'd like you answer the following questions before we schedule an interview.

Do you have valid drivers lic?

What state?

Have you ever lost your license? What for?

Are you aware this job requires manual labor?

Are you aware that you will be required to walk on roofs almost every day?

When was the last time you were on a roof?

Everyone working here is required to complete online training on their own time in the evenings to help them advance in our company. This training will be ongoing the entire time you are a team member. Are you willing to do that?

Where are you working now?

We contact your previous employers and current employer prior to calling you for an interview. Is that ok?

If they answer yes to everything but losing their license tell them I will be in touch to set up the interview.
